

26 February 2019

Dear Parents

Year 10 - Industrial Technology

Your child has chosen to undertake Industrial Technology in Year 10, which involves the design and production of a major project of their own choice. Before we finalise designs, and select materials, it is important to discuss with them their budget for the project.

The cost of their major work will be invoiced to you, so you will need to have a conversation with your child on what is a suitable amount to spend. Generally speaking, Year 10 projects range in price from \$50.00 to \$300.00. All materials are supplied at cost price.

It is also a good time to remind them that you will be spending a lot of money on this project, so time management and completion of the project early in Term 4 is paramount.

Please fill out the slip below, giving budget approval for the cost range of your child's project. Please contact Mr Robinson or Mr Williams via the School Office or email if you have any questions or concerns regarding materials and/or costs.

We are looking forward to safely working with your child on their major project.

Yours in the service of Christian education

Mr L Robinson
 Industrial Technology Teacher

Mr N Williams
 TAS Coordinator

Mr T Hewitt
 Deputy Principal, Curriculum (7-12)

Please complete, detach and return to Mr Robinson or Mr Williams by Monday 4 March 2019.

I give permission for my child _____ of Home Class _____
 to construct a _____.

I am aware of the costs and give approval for my child to go ahead with their Year 10 major project. I agree to a budget in the range of:

- \$0 - \$100.00
- \$100.00 - \$200.00
- \$200.00 - \$300.00
- \$300.00 and above - you will receive a phone call from either Mr Williams or Mr Robinson to discuss with you skill level and ask for approval for your child to go ahead with this Year 10 major project.
